

Utility Credit and Collections Review and Analysis RFP –  
Addendum:

At the bottom of page 5 of the Utility Credit and Collections Review and Analysis RFP there is an inadvertent error with the inclusion or use of the word “Thursday” preceding the May 12, 2015 definition of the RFP Response delivery deadline.

**SCPPA will hereby continue to only accept electronic copies of all submittals no later than 4:00PM PDT on Tuesday, May 12, 2015 – as referenced throughout the RFP.**

However, because of the inadvertent error, SCPPA will also accept hard copies up to 4:00PM PDT on Thursday May 14, 2015. This Section is hereby corrected to read as:

With the submittal of an electronic copy, as defined above on or before 4:00PM PDT on Tuesday, May 12, 2015, one (1) hard copy of an identical copy to that which was delivered electronically, including a transmittal letter of authentic offer with wet-ink authority signature, and any supporting documentation should be delivered no later than 4:00PM PDT on **Thursday**, (emphasis added) May 14, 2015 to:
