

SOUTHERN CALIFORNIA PUBLIC POWER AUTHORITY

Request for Proposals for Technical Review of Ice Energy's Thermal Energy Storage Technology and Equipment

RFP Date: December 16, 2013

Response Deadline: January 10, 2014

I. Introduction

The Southern California Public Power Authority (SCPPA), on behalf of its Member Utilities, is hereby soliciting competitive proposals for a technical review of the technology and equipment developed and constructed by Ice Energy, a Glendale, CA-based company, referred to herein as "Ice Energy", as described below in Section III.

SCPPA is interested in learning as much as possible about each Respondent's capabilities and its proposed fees for specific services, to enable informed decisions to be made before more specific negotiations with one or more qualified Respondents to this Request for Proposals (RFP).

Responses to this RFP are due on or before January 10, 2014, as described below.

II. Background

SCPPA is a joint powers authority and a public entity organized under the California Joint Exercise of Power Act found in Chapter 5 of Division 7 of Title 1 of the Government Code of the State of California, and through the SCPPA Joint Powers Agreement, for the purposes of planning, financing, developing, acquiring, constructing, operating and maintaining projects for the generation or transmission of electric energy. SCPPA also facilitates joint service contracts, at the request of its members, to aggregate like project efforts among its Members for the purposes of developing energy efficiency, demand response and resource procurement Programs or Projects to improve operating efficiencies and reduce costs.

Membership of SCPPA consists of eleven cities and one irrigation district, which supply electric energy within Southern California, including the municipal utilities of the cities of Anaheim, Azusa, Banning, Burbank, Cerritos, Colton, Glendale, Los Angeles, Pasadena, Riverside, and Vernon, and the Imperial Irrigation District. SCPPA is governed by its Board of Directors, which consists of representatives from each of its Members. The management of SCPPA is under the direction of an Executive Director who is appointed by the Board.

Any service contract subsequently entered into by SCPPA pursuant to this RFP would be utilized directly by the interested Members to serve their respective utility customers' needs. The service and work

SCPPA RFP on the Technical Review of Ice Energy Technology– December 14, 2013

products would be ordered and approved directly by SCPPA and/or Participating Members and the billing would be administered through SCPPA.

III. Areas of Interest

Certain SCPPA Members have expressed interest in developing an independent and objective review of the thermal energy storage technology and equipment developed, constructed and offered by Ice Energy to meet the needs of their municipalities. Specifically, SCPPA is requesting proposals to perform analyses in the following areas and perform the following tasks, or others as may be necessary, to develop an independent and objective study of, at a minimum, the technical capabilities of Ice Energy's equipment to shift on-peak air conditioning demand to off-peak periods and its expected operating life expectancy:

1. **Review of existing papers and studies on Ice Bear technology and perform necessary research**
 - Assess peak shifting capability
 - Evaluate the expected operating life of Ice Bear equipment
2. **Contact and interview current Ice Bear users**
 - Confirm operating characteristics and performance over time
 - Assess dispatchability and operational control
3. **Develop Summary Report**
 - Prepare Executive Summary of findings
 - Provide comprehensive report of analyses
 - Include citations and references
4. **Prepare Engineers Report**
 - Provide detailed engineers' report including analyses and conclusions on the technical capabilities, including the expected operating life, of Ice Energy's equipment and technology. This report shall be of sufficient quality to be included in any public or private documents (including those of SCPPA) that may be needed or desired by SCPPA to support SCPPA's potential issuance of bonds or other such obligations and entering into any related Agreements for the funding and deployment of Ice Energy's technology or technologies.

Timeline / Schedule *

SCPPA RFP for Technical Review of Ice Energy Technology Selection Process	
Schedule of Requirements/Milestones	Target Date(s)
Issue RFP	December 16, 2013
Responses Due	January 10, 2014
Review of Responses	January 13-17, 2014
SCPPA Board Approval and Authorization to Proceed	January 16, 2014
Interviews (if necessary)	January, 20-23, 2014
Selection of Respondent(s)	January 17-24, 2014
Negotiation of Professional Services Agreement	January 17-27, 2014
Desired Completion of Technical Review	March 1, 2014

* (subject to change at SCPPA's discretion)

IV. Proposal Submission Required Elements

1. Transmittal Letter Content:

- a. A brief statement of the Respondent's understanding of the work to be done and commitment to perform the work as scheduled, including:
 - i) statement of work specifications; and
 - ii) reference to any proposed contractual terms and conditions required by the Respondent; and
 - iii) a summary of exceptions taken to the RFP requirements; and
 - iv) any and all expectations from SCPPA including, but not limited to: requirements definitions and staffing requirements to support the proposed project or program implementation.
- b. An officer authorized to bind must sign the proposal on behalf of the Respondent and must include the following declarations on the transmittal letter:

“This proposal is genuine, and not sham or collusive, nor made in the interest or in behalf of any person not herein named; the Respondent has not directly or indirectly induced or solicited any other Respondent to put in a sham bid, or any other person, firm or corporation to refrain from submitting a proposal; and the Respondent has not in any manner sought by collusion to secure for themselves an advantage over any other Respondent.”

- 2. **Respondent Information:** Provide legal name of Company or Individual, physical street address, the name(s) and title(s) of the individual(s) authorized to represent the Respondent, including telephone number(s) and email address(es).
- 3. **Proposal:** Proposals must include a description of the proposed project or program, how it meets (or does not meet) each of the objectives of this RFP, and a detailed description addressing all of the Areas of Interest. Respondents may also include additional services, products, tasks, task elements and/or functions that may not be part of or included in the RFP, but are deemed by the Respondent to be pertinent and potentially valuable to SCPPA or its Members. SCPPA will have full discretionary

SCPPA RFP on the Technical Review of Ice Energy Technology– December 14, 2013

authority to consider, accept and/or reject without cause such supplemental information that is not directly requested, included in or made part of the RFP.

4. **Fees:** Pricing in all Proposals should be made based on good faith estimates of the requirements defined in this RFP. The cumulative or combined pricing for the elements or Areas of Interest presented in Sections III.1 through III.3, inclusive must be provided separately and independent of the proposed price for the element or Area of Interest in Section III.4. SCPPA shall have sole discretion to decide whether to include the Engineers' Report described in Section III.4 in any contract that is awarded to the successful Respondent. Proposals should also provide a total price for all 4 elements combined, to account for any volumetric price discounts that may be offered for all elements and services.

Please include all necessary details of specific examples or estimates of the fees, labor rates and service charges. Describe how the fees, rates or charges will be determined. Respondents shall also be prepared to provide a breakdown of the applicable overheads and fringe benefit costs that are part of any labor rates and other direct costs associated with each of the services to be performed.

5. **Experience:** Respondent shall clearly identify project participants and management team, including:
 - a. Describe your firm's experience as may be applicable to this RFP, your organizational structure, management qualifications, and other contract related qualifications, including number of years firm has been in business.
 - b. Specify key employees and describe their qualifications, experience and duties related to this RFP, including the office location(s) where work will be performed, in addition to the physical street address referenced above.
 - c. Provide a commitment statement for the retention and use of key employees as proposed, their availability to initiate and sustain the proposal, as well as planned supplemental employees if key personnel are not available to assure project delivery.
 - d. State whether Respondent will use subcontractors to perform services pursuant to the contract. Should the use of subcontractors be offered, the Respondent shall provide the same assurances of competence for the subcontractor, plus the demonstrated ability to manage and supervise the subcontracted work. Subcontractors shall not be allowed to further subcontract with others for work. The provisions of any contract resulting from this RFP shall apply to all subcontractors in the same manner as to the Respondent.
 - e. Respondent should describe any direct experience or involvement with Ice Energy and/or the Ice Bear technology and disclose any potential conflict of interest in doing the work described herein.
 - f. Respondent shall indicate any and all pending litigation that could affect the viability of Respondent's proposal, continuance of existing contracts, operation or financial stability.

6. References:

- a. Describe whether the Respondent has, within the last five (5) years, rendered any service to SCPPA or to any of SCPPA's Members, either as a contractor or subcontractor, either under the current Respondent's name or any other name or organization. If so, please provide details (status as prime or subcontractor, brief description of the contract, contract start and end dates, the contract administrator name, and total actual contract expenditures).
- b. If the Respondent has not rendered any service within the last five (5) years to SCPPA or to any of SCPPA's Members, then please provide references over that period with the details described above including the counterparty for which services were provided.
- c. Identify existing related or relevant projects or programs which Respondent developed and/or operates that would demonstrate Respondent's capabilities in this area.
- d. Describe relevant program development and implementation experience, approach, and provide a list of references for similar projects completed.

V. Proposal Submission Delivery Requirements

There will not be an initial Respondent's conference associated with this RFP. Clarification questions may be sent by e-mail to: TechnicalReviewRFP@scppa.org before January 6, 2014. SCPPA shall post answers to any such questions on its website at scppa.org within two days of receipt and all response to clarifying questions will be posted by 5:00 PM (Pacific Time) on January 8, 2014. Respondents shall only rely on written replies and information provided by SCPPA in the consideration and development of Response to this RFP.

One (1) hard copy of your response, including a transmittal letter of authentic offer with wet-ink authority signature, and any supporting documentation should be delivered no later than 5:00 PM, (Pacific Time) on January 10, 2014 to:

Southern California Public Power Authority
Technical Review RFP
1160 Nicole Court
Glendora, California 91740

One (1) electronic copy of your proposal should also be delivered to the address above, preferably on a CD or USB flash drive, or alternatively e-mailed to TechnicalReviewRFP@scppa.org no later than the time and date referenced above.

No contact should be made with the Board of Directors, committees or working group representatives, or SCPPA Members concerning this RFP.

All information received by SCPPA in response to this RFP is subject to the California Public Records Act and may be subject to the Ralph M. Brown Act and all submissions may be subject to review in the event of an audit.

VI. Terms and Conditions

SCPPA RFP on the Technical Review of Ice Energy Technology– December 14, 2013

1. SCPPA reserves the right to cancel this RFP at any time, reject any and all proposals and to waive irregularities.
2. SCPPA shall determine at its sole discretion the value of any and/or all proposals including price and non-price attributes.
3. Proposals may be sub-divided or combined with other proposals, at SCPPA's sole discretion.
4. SCPPA shall perform an initial screening evaluation to identify and eliminate any proposals that are, for example, not responsive to the RFP, do not meet the minimum requirements set forth in the RFP, are clearly not economically competitive with other proposals, or are submitted by Respondents that lack appropriate creditworthiness, sufficient financial resources, or qualifications to provide dependable and reliable services for this RFP.
5. SCPPA reserves the right to submit follow up questions or inquiries to request clarification of information submitted and to request additional information from any one or more of the Respondents.
6. SCPPA reserves the right, without qualification and in its sole discretion, to accept or reject any or all proposals for any reason without explanation to the Respondent, or to make any award to that Respondent, who, in the opinion of SCPPA, will provide the most value to SCPPA and its Members.
7. SCPPA may decline to enter into any potential engagement agreement or contract with any Respondent, terminate negotiations with any Respondent, or to abandon the request for proposal process in its entirety.
8. SCPPA reserves the right to make an award, at its sole discretion, irrespective of price or technical ability, if SCPPA determines that to do so would result in the greatest value to SCPPA and its Members.
9. Those Respondents who submit proposals agree to do so without legal recourse against SCPPA, its Members, their directors, officers, employees and agents for rejection of their proposal(s) or for failure to execute or act on their proposal for any reason.
10. SCPPA shall not be liable to any Respondent or party in law or equity for any reason whatsoever for any acts or omissions arising out of or in connection with this RFP.
11. SCPPA shall not be liable for any costs incurred by any Respondents in preparing any information for submission in connection with this RFP process or any and all costs resulting from responding to this RFP. Any and all such costs whatsoever shall remain the sole responsibility of the Respondent.
12. SCPPA may require certain performance assurances from Respondents prior to entering into negotiations for work to be performed as a result of the RFP. Such assurances may potentially include a requirement that Respondents provide some form of performance security.
13. Prior to contract award, the successful Respondent shall supply a detailed breakdown of the applicable overheads and fringe benefit costs that are part of the labor rates and other direct costs associated with the services to be performed.

SCPPA RFP on the Technical Review of Ice Energy Technology– December 14, 2013

14. SCPPA Members, either collectively or individually may contact Respondents to discuss or enter into negotiations regarding a proposal. SCPPA is not responsible or liable for individual Members interactions with the Respondent which are not entirely conducted through SCPPA or at SCPPA's option or election to engage the Respondent as defined within the RFP.
15. Submission of a Proposal constitutes acknowledgement that the Respondent has read and agrees to be bound by the terms and specifications of this RFP and any addenda subsequently issued by SCPPA.
16. Information in this RFP is accurate to the best of SCPPA's and its Members' knowledge but is not guaranteed to be correct. Respondents are expected to complete all of their due diligence activities prior to entering into any final contract negotiations with SCPPA.
17. SCPPA reserves the right to reject any Proposal for any reason without cause. SCPPA reserves the right to enter into relationships with more than one Respondent, can choose not to proceed with any Respondent with respect to one or more categories of services, and can choose to suspend this RFP or to issue a new RFP that would supersede and replace this RFP.

VII. Additional Requirements for Proposal

1. **Consideration of Responses:** Submitted proposals should be prepared simply and economically, without the inclusion of unnecessary promotional materials. Proposals should be submitted on recycled paper that has a minimum of thirty percent (30%) post-consumer recycled content and duplex copied (double-sided pages) where possible.
2. **Insurance, Licensing, or other Certification:** If selected, the Respondent will be required to maintain sufficient insurance, licenses, or other required certifications for the type of work being performed. SCPPA or its Members may require specific insurance coverage to be established and maintained during the course of work and as a condition of award or continuation of contract.
3. **Prevailing Wage Rates:** If selected, the Respondent will be required to conform to prevailing wage rates applicable to the location(s) where any work is being performed. Workers shall be paid not less than prevailing wages pursuant to determinations of the Director of Industrial Relations as applicable in accordance with the California Labor Code. To access the most current information on effective determination rates, Respondent shall contact:

Department of Industrial Relations
Division of Labor Statistics and Research
PO Box 420603, San Francisco, CA 94142-0603
Division Office Telephone: (415) 703-4780
Prevailing Wage Unit Telephone: (415) 703-4774
Web: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>

SCPPA RFP on the Technical Review of Ice Energy Technology– December 14, 2013

4. **SCPPA-Furnished Property:** SCPPA or a Member's utility drawings, specifications, and other media furnished for the Respondent's use shall not be furnished to others without written authorization from SCPPA or the applicable Member(s).

5. **Contractor-Furnished Property:** Upon completion of all work under any agreement developed as a result of this RFP, ownership and title to reports, documents, drawings, specifications, estimates, and any other document produced as a result of the agreement shall automatically be vested to SCPPA and no further agreement will be necessary for the transfer of ownership to SCPPA. SCPPA has the sole right to distribute, reproduce, publish, license, or grant permission to use all or a portion of the deliverable documentation, work product or presentations as it determines in its sole discretion.
