

ADDENDUM NO. 1
**Request for Proposals Electronic Energy Efficiency Newsletter For Residential
and Commercial Customers RFP**

NOTICE TO ALL PROPOSERS

Notice is hereby given to all potential Proposers that this is an Addendum to the Request for Proposal for Electronic Energy Efficiency Newsletter For Residential and Commercial Customers RFP issued on May 25, 2023. This Addendum is attached to and made part of the above-entitled RFP from Southern California Public Power Authority.

RESPONSES TO QUESTIONS SUBMITTED

Q1. Do SCPPA members have a known preferred language for each customer segment?

Answer: SCPPA Members that elect to utilize the Electronic Energy Efficiency Newsletter, will work with the selected vendor to identify and develop the desired language platforms for the targeted customer segments.

Q2. Is a hard copy proposal mandatory to meet the requirements minimum?

Answer: All of the requirements of the posted RFP are stated therein, and required by very respondent, unless specified otherwise in the RFP.

Q3. Will any points be deducted if respondent only submits an electronic copy?

Answer: Failure to comply with the stated requirements of the posted RFP will result in the submission being deemed unresponsive.
