CONTRACTOR CODE OF CONDUCT

The City of Los Angeles has long supported the premise that employers should fairly compensate employees, that the health and safety of workers should be protected, and that no form of discrimination or abuse should be tolerated. Experience indicates that laws and regulations designed to safeguard basic tenets of ethical business practices are disregarded in some workplaces, commonly referred to as "sweatshops."

In its role as a market participant that procures equipment, goods, materials and supplies, the City seeks to protect its interests by assuring that the integrity of the City's procurement process is not undermined by contractors who engage in sweatshop practices and other employment practices abhorrent to the City. When the City inadvertently contracts with these contractors, the City's ethical contractors are placed at a distinct competitive disadvantage. Many times ethical contractors are underbid by unscrupulous contractors in competition for City contracts. These ethical contractors may be dissuaded from participating in future procurement contracts.

The City's proprietary contracting interests are served by doing business with contractors who make a good faith effort to ensure that they and their subcontractors shun sweatshop practices and adhere to workplace and wage laws. Seeking to protect these municipal interests, the City requires that all contractors subject to the Sweat-free Procurement Ordinance certify that they and, to the best of their knowledge, their subcontractors will comply with the City's Contractor Code of Conduct and to promise the following:

- (a) To comply with all applicable wage, health, labor, environmental and safety laws, legal guarantees of freedom of association, building and fire codes, and laws and ordinances relating to workplace and employment discrimination.
- (b) To comply with all human and labor rights and labor obligations that are imposed by treaty or law on the country in which the equipment, supplies, goods or materials are made or assembled, including but not limited to abusive forms of child labor, slave labor, convict or forced labor, or sweatshop labor.
- (c) To take good faith measures to ensure, to the best of the contractor's knowledge, that the contractor's subcontractors also comply with the City's Contractor Code of Conduct.
- (d) To pay employees working on contracts for garments, uniforms, foot apparel, and related accessories a procurement living wage, meaning for domestic manufacturers a base hourly wage adjusted annually to the amount required to produce, for 2,080 hours worked, an annual income equal to or greater than the U.S. Department of Health and Human Services most recent poverty guideline for a family of three plus an additional 20 percent of the wage level paid either as hourly wages or health benefits. For manufacturing operations in countries other than the United States, a procurement living wage which is comparable to the wage for domestic manufacturers as defined above, adjusted to reflect the country's level of economic development by using the World Bank's Gross National Income Per Capita Purchasing Power index.
